AFD File No. 163 FGL of 1963. [App. F. III 2

Serial No.

D.No. 2740/64.

(10) Government in their letter dated 13-11-1963 has called for the report of the CCF as per the Minutes of the M(F) vide para 2 n/f. The CCF has now reported in his letter dated 2-6-1964, that out of an area of 46 and 116 acres out of S.No. 69 and 70 respectively of Nandibatlu Minor Forest ordered for release vide G.O.No. AFD 134 FGN 60 dated 22-3-1962, an area of 150 acres has been raised with Eucalyptus prior to the issu of the G.O. dated 22-3-1962. Further it is reported that an area of 175 acres in S.No.70 which is already under occupation has been handed over to the R.D. on 13-1-1964 as against 162 acres ordered for release. As regards the clearance of the tree growth, he has reported that he is awaiting the report of the C.F., Hence, we may await the same, if approved.

13/6

(11) It is already delayed. Perhaps a D.O. to get the report at once. Enclose a copy to C.F. with a request not to delay.

16/6.

(12) Submitted with reference to para 11 above. A D.O. letter is put up at page 4 c.s. for approval.

ISSUED

Date 19.6.1964

D.No. 6234/64.

Serial No.

Government in the Order No. AFD 134 FGN 60 Dt. 22-3-1962 has released an area of 46 acres in S.No. 69 and 116 acres in S.No.70 of Nandibatlu M.F. for the formation of an Agricultural Colony. But actually an area of 175 acres of land in F.S.No.70 which is occupied by the darkhasdars has been handed over to the R.D. The D.C., Chickmagalur has stated that even the area handed over is not cleared of the tree growth and the report of the D.C., had been sent to the CCF vide G.L.No. AFD 1728/FB/64 Dt. 30-4-1964. Further, it is reported, that the D.C. has proposed the release of an additional area of 43 acres - i.e. a total area of 205 acres including the area already released and also to release some portion in S.No.69 for passage, etc.,

13

Flag 'A'

Flag 'R'

From the report of the C.F. it can be seen that the darkhastdars have already occupied 175 acres of land in S.No.70 and that no lands have been occupied in S.No.69. In case only 105 acres is released out of S.No.70 as proposed by the D.C., the darkhastedars will have to be evicted from the remaining area of 70 acres and it is likely that the darkhastedars may not agree to vacate the area. In these circumstances he has proposed to release an area of 175 acres in S.No.70 which has already been occupied and 30 acres in S.No.69 to make up the total of 205 acres as proposed by the D.C. The CCF has requested orders of Government in consultation with the R.D.

14

Subd., for orders w/r to the Minutes of the M(F) vide para 2 n/f.

3 10

Office of the Assistant Commissioner,
Revenue Subdivision, Tarikere,
Dt. 22nd Oct., 63.

N O T E.

An agricultural colony for Harijans consisting of 45 families has been sanctioned in Nandibattlu village by Government in their order No. P.190/OBC.55/ dated 31-8-1959 and PND.311/ SSA 59 dt. 12-2-1960. About 45 ~~fam~~ houses at a cost of Rs. 50,000/- have been constructed besides the supply of, a pair of bullocks and agricultural implements to each family at a further cost of Rs. 5,000 to 6,000. A drinking water well as also a Community Centre have been constructed. All the Colonists consisting of Harijans from several villages of Mandya, Tumkur and Mysore Districts have already come and settled here since about two years. An extent of 162 acres of land was sanctioned out of S.No. 69 and 70 of Nandibattlu village to these Colonists, in G.O. No. AFD 134 FGN 60 dt. 22-3-1962 and Forest authorities were directed by the Government to hand-over the areas to Revenue Department for putting the Colonists in position. The Harijans had cleared the land sanctioned in the Government Order referred to above since 1959 from jungle etc., spending considerable amount and labour to bring the same under cultivation. Instead of handing over the land to the Revenue Department as per Govt., Order the Forest authorities have raised a plantation in an extent of about 75 to 80 acres and the remaining land is also being taken up for ~~cultivation~~ plantation. The Forest Officers have been repeatedly requested and reminded to hand-over possession of the land and nothing has been done so far. The poor people have been repeatedly asking for the land but in vain. The matter was brought up by me at the District Co-ordination Committee

p.t.o.

Meeting when the Deputy Commssioner was pleased to ask the Forest Officers to take immediate action. A copy of the letter No.S2.PR.1255/62-3 dt.9-10-1963 addressed to the Division Forest Officer, Tarikere Division, Bhadravathi is also enclosed herewith and also a copy of the letter No. M4.PR.1423/62-3 dt.2-7-63 and 10-7-63 from the Deputy Commissioner, Chikmagalur to the Secretaries to Government, Agriculture and Forest Department and Revenue Department respectively. Having practically become residents of this Colony the poor people are put to great hardship to live on without lands though the scheme has been sponsored by the Central Government at a huge cost.

It is a problem as to how the plantations were raised by the Forest Department in the land granted exclusively to the Colonists. Unless the land granted for this purpose specifically is handed over for distribution to these people, it would amount to grant of some other lands and build up records for the same, which would again involve lot of time and waste of money and labour by these Colonists spent on the land already granted to them.

(H.Hanumaiah),
Assistant Commissioner,
Tarikere.

Copy of the letter No.M4.PR.1423/61-2 dt.10-7-63 from the Deputy Commissioner, Chikmagalur to the Secretary to Government, Revenue Department, Bangalore.

Sub:- Amelioration of the conditions of ryots of Nandibatlu firca, Tarikere Taluk.

Ref:- Your letter No. RD.114 LMD 62 dt.30-5-62, calling for a report on the resolutions of the tyots Association meeting dt.24-12-61.

A colony for Harijans has been snactioned for Nandibatlu village, consisting of 45 families in G.O. No.P.119 OBC.55 dt.31-8-59 and P&D 311 SSC 59dt.12-2-1960.

Out of the area of 162 acres of land released in S.Nos. 69 & 70 of Nandibattlu village, 8 families of this association have been granted 56 acres of land at the rate of 7 acres per family. The members of the Sangha cannot therefore say that they have not been granted lands at all. In a small extent of S.No.69 of Nandibatlu, the forest department has already planted teak and this will have to be conserved. The remaining area is being granted to the rest of the families.

The old well is reported to have been abandoned and a new well at a cost of Rs.2,500/- is sanctioned to the colony. The well work is nearing completion.

All the 45 families have been provided with dwelling houses and possession is also given to them.

The road referred to in the resolution is completed by the NES at Tarikere and is reported to have been handed over to the PWD for maintenance and is being attended to by the PW.D.

The concerned officers have been instructed expedite action to implement the resolution of the Sangha.

Sd/- Deputy Commissioner,

"Copy"

H. Hanumaiah 26/10

Assistant Commissioner, Tarikere.

Copy of the letter No. S2.PR.1255/62-3 dt.29-10- 63 from the Assistant Commissioner, Tarikere to the Divisional Forest Officer, Tarikere Division, Bhadravathi.

Sub:- Handing over the S.No.69 and 70 of Nandibatlu village for the Agricultural Colonists.

Adverting to correspondence ending with my D.O. letter No. S2.PR.1235/62-3 dt.9-7-63 on the above, I write to invite your kind reference to the discussions we had in the District Co-ordination Committee Meeting held on 5-10-63 at Chikmagalur, when you were pleased to assure that you would handover the land sanctioned in s.No.69 and 70 of Nandibatlu colony. A copy of the G.O. AFD.135 FGN 60 of 22nd March,62 sanctioning the land and authorising Forest Department to handover the area to Revenue Department is enclosed herein for information.

It may kindly be noted that the colony has been established under the scheme sponsored by the Central Govt., and about 48 houses have been constructed at a cost of Rs.50,000 besides supply of bullocks, Agricultural implements, Sinking D.W. well, Community Centre at a further cost has been constructed there. The poor people have been facing a lot of inconvinience as the lands have not been given possession without which it would be frustrating the very object of Govt., having invested such a huge amount for this Agricultural Colony. I am afraid if it comes to the notice of the Govt., they may take a very serious view of the delay on our part, as there have several interpellations in the Assembly and the colonists are repeatedly representing to Govt., and other officers for putting them in possession of the land, I request you to kindly fix up a date for handing over the lands at your earliest conviniance under intimation to me. If it is not possible you to personally to do so, kindly instruct your subordinate officer under intimation to me. A line in resply is requested.

3 JUN 1964
FOREST DEPT. (REGISTRY)

Sub: Release of 162 acres of land out of S.No. 69 and 70 of Nandibattu Minor Forest, Tarikere Taluk.

--

Ref: Your letter No. AFD 163 FGL 63 dated 13-11-63 and AFD 1723/FB 64 dated 30th April, 1964.

Government in their order No AFD 134 FGN 60 dated 22-3-62 have ordered the disforestment of 46 acres in S.No. 69 and 116 acres in S.No. 70 of Nandibattu Minor Forest for the formation of an Agricultural colony. Government in their letter No dated 13-11-1963 have enquired as to whether this area has been handed over to the Revenue Department and whether any plantation has been raised in the area ordered to be granted. In this connection it is reported that an area of 150 acres was planted with Eucalyptus in these S.Nos. even prior to the receipt of the G.O. dated 22-3-1962. Further it is reported that an area of 175 acres in S.No. 70 which is already under occupation by the Marijan has been handed over to the Revenue Department on 13-1-1964 as against 162 acres ordered to be disforested as per G.O.No. AFD/134 FGN 60 dated 22-3-62. A copy of letter No MIS-167-GFL-729/60 dated 8-5-64 from the Conservator of Forests Shimoga Circle and a copy of letter No 6-111/63-64 dated 22-4-1964, from the Divisional Forest Officer Tarikere Division received in this connection are enclosed for perusal. The Deputy Commissioner, Chikmaglur under his letter No. M4-PR-1423. C 8093/61 dated 19-3-1964 addressed to Government has stated that even the area handed over to the Revenue Department has not been cleared of the tree growth. The Conservator of Forests Shimoga Circle is being asked to take further action to clear the tree growth if any in the area if this is not already done. A further report will be submitted to Government in this behalf along with the proposals for release of additional area in receipt of ~~report Conservator of Forests~~ report from the Conservator of Forests.

Yours faithfully,

Chief Conservator of Forests,

15 19

Copy of letter No. MIS-167-GFL-729/60.dated 8th May, 1964 from the Conservator of Forests, Shimoga, addressed to the Chief Conservator of Forests in Mysore Bangalore.

Sub: Release of 162 acres of land out of Survey No. 69 and 70 of Nandibatlu to Harijans.

--

Ref: Your D.O. letter No. B3-321-GFE-1619/61 dated 16th April, 1964.

--

I invite your kind reference to the report No. 6-III/63-64 dated 22-4-1964, of the District Forest Officer, Tarikere Division, Bhadravathi submitted to you and copied to this office on the above subject, which is self-explanatory.

2. The District Forest Officer, Tarikere has reported that an area to an extent of 175 acres of land in Survey No. 70 of Nandibatlu Village has been occupied by the Harijan Colonists as against 162.00acres (i.e., 46.00 acres from Survey No. 69 and 116 acres from Survey No. 70 of Nandibatlu) of land ordered to be released by Government in their Order No. AFD-134-FGN-60 dated 22-3-1962. Out of 175 acres occupied by the Harijans 157 acres of land is reported to be under cultivation and in the remaining area of 18 acres Harijan Colony has been formed. This 175 acres of land has also been handed over by the Range Forest Officer, Tarikere to the Revenue Department on 13-1-1964. Since the Harijans have occupied more area than the actual area allotted to them in the above mentioned Government Order in survey No. 70, there is no question of further releasing an area of 46 acres from Survey No. 69 of Nandibatlu. I therefore suggest that instead of evicting the encroachers from the excess area occupied by them in Survey No. 70 and also releasing 46 acres in Survey No. 69 of Nandibatlu to them a revised order may perhaps be obtained from Government for releasing 175.00 acres of Survey No. 70 of Nandibatlu only instead of 162 acres from Survey No. 69 and 70 of Nandibatlu by cancelling the original Government Order No. AFD-134-FGN-60 dated 22-3-1962.I have therefore asked the District Forest Officer, Tarikere Division, Bhadravathi to submit suitable proposals after obtaining the concurrence of the Revenue Department, to obtain a revised Government Order for release of 175 acres of land from Survey No. 70 of Nandibatlu only.

I shall send my proposals to you as soon as the same is received from the District Forest Officer, Tarikere.

COPY

for Chief Conservator of Forests,

17 20

Copy of letter No. 6-111/63-64. dated 22nd April 1964 from the District Forest Officer Tarikere Division, Bhadravathi, addressed to the Chief Conservator of Forests, Bangalore.

Sub: Release of 162 acres out of Sy.No. 69 and 70 of Nandibattalu to Harigans coloney.

Ref: Your letter No. B3-321-GFL 1619/61 dated 16-4-64

An extent of 162 acres of land out of Sy.Nos. 69 and 70 of Nandibattalu was ordered for release for being handed over to the Revenue Department as per Government order No AFD 134 Fgn.60 dated 22-3-62 i.e., 46 acres out of Sy.No. 69 and 116 acres out of Sy.No. 70.

In this connection, the following particulars are furnished for favour of information.

1. Sy.No. 69 consists of 335 acres (as per village map) Out of this, only 150 acres of teak plantations have been raised by this Department during 1961, 1962 and 1963 rains. The rest of the area 185 acres are still available for disposal.

2. Sy.No. 70 consists of 338 acres according to the village map. Out of this 157 acres are under cultivation by the Harigans Colonists. Also 10 acres are already demarcated in this Sy.No. for colony site. The Survey of this area has been carried out and the sketches are enclosed for reference. As per the sketch against ten acres alloted for colony site 18 acres have been utilised. So the total area occupied by the colonists in Sy.No.70 is 175 acres, i.e., is as under.

   a) Village site 18 acres.
   b) unautharised cultivation 157 acres.

TOTAL 175 ACRES.

This is the area that was handedover to the Rev. Department by the Range Officer Tarikere Range on 13-1-64. As the residents of the colony have already occupied 175 acres, further release of land may perhaps does not arise. If the Government order means release of 162 acres for cultivation only, release of five acres in Sy.No.69 is recommended and it is shown in yellow colour in the enclosed sketch. The area is adjucent to the Sydukhan village. Orders may be issued to the effect.

Regarding taking over 46 acres of land in Sy.No. 69 of Nandibattalu under the control of the Revenue Department which is contigeous to the Nandibattalu minor forest is under verification and the issue has to be finalised only after joint survey to be conducted.

Sub:-Release of 162 acres of land out of S.No.69 and 70 of Nandibattu Minor Forest, Tarikere Taluk.

Ref:-D.O. letter No.AFD 163 FGL 63 dated 19-6-1964.

- - - -

In continuation of this office letter of even No. dated 2-6-1964 on the above subject I enclose herewith copies of letters No.Mis-167-GFL-729/60 dated 16-11-1964 and 25-11-1964 from the Conservator of Forests, Shimoga Circle, on the abobe subject for perusal.

According to G.O.No.AFD 134 FGN 60 dated 22-3-1962, an area of 46 acres in Sy.No.69 and 116 acres in Sy.No.70 of Nandibatlu Minor Forest was ordered to be released for the formation of an Agricultural colony. But actually an area of 175 acres of land in F.S.No.70 which was occupied by the darkhasdars has been handed over to the Revenue Department. The Deputy Commissioner, Chickmagalur vide copy received along with Government letter No.AFD 1728/FB 64 dated 30-4-1964 has stated that even the area handed over is not cleared of the tree growth. Further the Deputy Commissioner has proposed the release of additional area of 43 acres, i.e. a total area of 205 acres including the area of 162 acres already released and also to release some portion in S.No.69 for passage etc.,

From the reports of the Conservator of Forests, it can be seen that the darkhastdars have already occupied 175 acres of land in S.No.70 and that no lands have been occupied in S.No.69. In case only 105 acres is released out of S.No. 70 as proposed by the Deputy Commissioner, the darkhasdars will have to be evicted from the remaining area of 70 acres and it is likely that the darkhasdars may not agree to vacate the area. In the circumstances, the Conservator of Forests proposes to release 175 acres in S.No. 70 which has already been occupied and 30 acres in S.No.69 to make up the total of 105 acres as proposed by the Deputy Commissioner. I agree with the Conservator of Forests, and request you to communicate orders of Government in consultation with the Revenue Department if necessary, very early.

Regarding the clearance of tree growth in the area already handed over it is reported that these areas were encroached upon by the darkhasdars previously clearing the standing growth and

P.T.O.

and that only a few straight trees are left in the area. Action will be taken for removing the remaining trees also on receipt of Government Orders on the above proposals. As regards providing right of way etc. through S.No.69 further action will be taken on receipt of the sketch referred to in para (ii) (a) of the Deputy Commissioners report.

Yours faithfully,

Chief Conservator of Forests.

---

~~Copy of letter No. MIS-167-GFL-729/60, dated 16th November, 1964, from the Conservator of Forests, Shimoga, from the Chief Conservator of Forests in Mysore, Bangalore.~~

Sub: Release of 162 acres of land out of Sy. No. 69 and 70 of Nandibatlu Minor Forest.

Ref: D.O.reminder No. B3-321-GFL-1619/61 dated 6/7th November, 1964 from the Technical Assistant to the Chief Conservator of Forests.

The District Forest Officer, Tarikere Division has reported that the notification of Nandibatlu Minor Forest (constituted in Government Order No. 4803-Ft-33-30-62 dated 2-12-1930) is not available in his Division and as such he is not able to say exactly whether the land in question is included in the Minor Forest or not. The District Forest Officer has been asked to obtain a copy of the Minor Forest Notification either from the District Forest Officer, Working Plans Division, Bangalore or from the District Forest Officer, Bhadravati and furnish his report. Regarding clearance of malki in the area his report is still awaited.

2. Regarding providing passage to the cultivators, the Deputy Commissioner, Chickmagalur in his letter has requested to hand over some portion of area marked at 'A' and 'B' in the sketch which has not be received in this office so far. I therefore request you kindly to forward the sketch referred to in the Deputy Commissioner's letter dated 19-3-1964 for taking further action.

Chief Conservator of Forests.

Copy of letter No. Mis.167-GFL/729/60, dated 25th November,64 from the Conservator of Forests, Shimoga, addressed to the Chief Conservator of Forests in Mysore, Bangalore.

Sub: Release of 162 acres of land out of S.No.69 and 70 of Nandibatlu Minor Forest.

Ref: Your No.B3-321 GFL.-1619/61 dated 7-11-1964.

In furtherance to this Office reference of even No. dated 16-11-1964 the District Forest Officer, Tarikere Division has reported that the S.Nos 69 and 70 of Nandibatlu measuring 300 acres and 341.26 acres respectively are included in the Minor Forest as per Government notification No.G.5803.FT.33.30-62 dated 2-12-1930. He has also reported that the area in question is under unauthorised occupation since a long time and has been cleared by the encroachers already. The area is blank except a few stray trees still standing in the area. The District Forest Officer has ~~been cleared by the encroachers alre~~) further stated that these trees will be felled and removed as soon as the orders of Government are issued regarding the correct extent

p.t.o.

extent of area to be released in each S.No.
I agree with him.

COPY

Chief Conservator of Forests.

Copy of letter No. 6-111/63-64, dated 17th November,1964 from the District Forest Officer, Tarikere Division, Bhadrava thi addressed to the Conservator of Forests, Shimoga Circle, Shimoga, and copied to the Chief Conservator of Forests in Mysore, Bangalore.

Sub: Release of 162 acres of land out of S.No.69 and 70 of Nandibatlu Minor Forest.

Ref: Your letter No. MISC 167 GFL 729/60 dated 16-11-1964 addressed to the Chief Conservator of Forests, Bangalore and copied to this office.

Replying to your letter dated 16-11-1964 in para 2(a) I write to state that S.No.69 and 70 of Nandibatlu are included in the minor forest. Vide notification No.G.5803/Ft/33-30-62 dated 2-12-1930 and the extents are as follows:

1. S.No.69 300 acres.
2. S.No.70 341-26 acres.

Regarding para 2(b) of your letter specific openion has already been furnished in my letter of even No. dated 19-8-1964 and which may kindly be perused.

Para 2(d) In reply, I enclose the report of Range Officer, Tarikere dated 31-10-1964 which is self explanatory.

Para 2(c): At present all these 175 acres are under occupation and village site.

As per G.O.No.AFD 134 FGN 16 dated 22-3-1962, only 116 actes of land has been ordered for release from S.No.70 compared to the area occupied in S.No.70 with the area to be released as per G.O.the excess area would be 59 acres. Eviction of people from this excess area already occupied is not desirable at this stage as the people are poor and landless and they have well established.

In reply to the question regarding the clearance of tree growth before handing it over to Revenue Department; it may be stated that these are encroachments made in the past clearing the standing growth by the occupants. In this connection, the Range Officer, Tarikere further reports that few straight trees are still standing over the area. Action will be taken to remove the existing trees.

In this connection Sri S.H.Korlahalli, previous District Forest Officer, Bhadravathi Division has made a report to you on 30-8-1961 that the area that was proposed to be handed over was blank and divide of forest vegetation and no extract maps are available for this, in this office. Hence, if the question of revalution of the malki in the encroachments are to be decided and the above fact will have to be taken to note after making sure of the area that was then proposed to be released.

Further orders are awaited in this behalf.

Subject: Amelioration of the conditions of ryots of Nandibatlu Agricultural colony.

Ref: Your letter No.RD.114.LMD.62 dated 3rd September 1963.

- - - -

An agricultural colony has been established under a scheme sponsored by the Central Government in Nandibatlu village of Tarikere taluk and 45 colonists have settled down in the colony. Houses have been constructed, bullocks have been supplied, a drinking water well has been sunk and a community centre and school building have been constructed at a cost of Rs.50,000/-. The question of granting lands to the colonists has been pending from a long time. It is said that each colonist was proposed to be given seven acres of land in S.Nos.69 and 70 of Nandibatlu village. It is even said that the local officers of the Forest department asked the colonists to clear the jungle growth and to take up cultivation. Accordingly, the colonists are said to have cleared considerable extents of lands in these Survey numbers. After this was done, it is said that the local officers of the Forest department took up plantation in certain portions of these two Survey numbers and have prevented the colonists from cultivating the lands. Anyway, Government in the Agriculture and forest department passed orders in G.O.No.AFD 134 FGN 60 dated 22nd March 1962 sanctioning 46 acres in S.No.69 and 116 acres in S.No.70 for the colonists. It was ordered that this area

contd..

should be disafforested and surrendered to the Revenue department for being assigned to the Agricultural colony for cultivation subject to the conditions to be imposed by the Revenue department. The local Range Forest officer handed over S.Nos.69 and 70 on 13th January 1964, except the plantation area to the Revenue department but the trees have not been cleared and the land made ready for cultivation. Repeated representations are being made by the colonists to the Revenue officers and to the Ministers but yet the position remains the same.

2. As per Village accounts, S.Nos.69 and 70 are Hulbanni kharab and not minor forests as mentioned in the Government order referred to above. It is not known on what basis the Forest authorities say that these are minor forests. Anyway, even assuming that these are minor forests, the Forest officers have not taken any steps to clear at least 162 acres of forest and permit the colonists to cultivate.

3. A sketch is now got prepared by the local Surveyor and it is dated 16-3-1964. This sketch shows the area planted with in S.No.69, the area fit for cultivation in S.Nos.69 and 70, the location of the colony, the area unfit for cultivation, etc. It is seen that about 100 acres are covered with plantation of the Forest department. The extent of land fit for cultivation in S.No.69 is 100 acres and in S.No.70, 105 acres. The total comes to 205 acres. In addition to this, 56 acres in S.No.70 is already under cultivation and there is no dispute about it. At the rate of 7 acres, the total extent required by the colonists comes to 315 acres. Deducting 56 acres in S.No.70 about which there is no dispute, the balance land required for cultivation in S.Nos.69 and 70 is about 259 acres. This would come to about 6 acres per family. The request of the colonists is that this area may be cleared of forest growth and given to them for cultivation. But as already stated the Forest department has not cleared the forest growth. In order to enable the colonists to cultivate the lands lying to

the southern and the Western side of the plantation area in S.No.69, they should have access to the same through plantation area at a place marked 'A' in the sketch. In this area, the plantation has not come up well and the Forest department would not lose by handing over the same. Besides the area marked 'B' in the sketch is also said to have no good growth of plantation, and they want that portion to be handed over to them. The Forest department would, if the request of the colonists is conceded, lose about 20 or 30 acres out of the plantation area. Looking at the situation of the colony, it is but proper that they should have access to the cultivable area through the Forest plantation as otherwise they will have to take a circuitous route to reach the cultivable lands. The Forest department could take up plantation in the lands unfit for cultivation in S.Nos.69 and 70 which comes to 149 acres and 170 acres respectively. The proposal for giving to the colonists the lands that lies to the South and East of the plantation area is also urged for the reason that there is a proposal to construct a tank in S.No.69 which will irrigate not only this land but also the lands in S.No.70.

4. Besides these S.Nos, there is S.No.77 where there is said to be 89 acres of land fit for cultivation. This is not with the Forest department but with the Revenue department. Seperate action will be taken to grant the land in S.No.77 to the colonists whose number is ~~growth~~ growing day by day. There will be also no objection to hand over the uncultivable portion in S.No.77 also to the Forest department for afforestation purposes. ~~The proposal for giving to the colonists the land that lies to the South and East of the plantation area is also urged for the reason that there is a~~

5. In short, my proposals are as follows:-

i) The Forest department should clear the forest growth in 100 acres in S.No.69 and 105 acres in S.No.70 and hand over

the same to the Revenue department for distribution among the colonists. This will exceed the area ordered by Government in the above referred to Government order by 43 acres. Government order may be obtained sanctioning this excess extent to the colonists.

ii) (a) To hand over the portion marked 'A' in the sketch to the Revenue department for purposes of cultivation as well as the passage to the cultivable land in S. No. 69.
(b) Alternatively, to hand over portion marked 'B' in the sketch to the Revenue department both as passage for the colonists and also for purposes of cultivation and to retain the remaining area i.e., under plantation with the Forest department.

6. I request very early orders of Government in this behalf.

7. I enclose a copy of the Tarikere Assistant Commissioners report No. ~~D.A.L.35/61-62~~ SPR 1255/62-63 dated ~~21-1~~ 3/21-1964 wherein it is explained the hardships caused to the colonists by the Forest department, wherein he proposes that the colonists should be reimbursed to the ~~ex~~ extent of Rs. 10,000/- being the labour charges for clearing the jungle.

Yours faithfully,

Sd/-
(H. L. Nage Gowda)
Deputy Commissioner,
Chikmagalur district.

kfg.

1) Copy to the Secretary to the Government of Mysore, Agriculture and Forest departments, Vidhana Soudha, Bangalore for kind ~~fax~~ needful action.

2) Copy to the Assistant Commissioner and Tahsildar, Tarikere for information.

H. Nagegowda
Deputy Commissioner,
Chikmagalur district.

D.O.No.S2-P.R.1255/62-63 dated 3rd February 1964 from the Assistant Commissioner, Tarikere to the Deputy Commissioner, Chickmagalur district, Chickmagalur.

****

Subject:- Amelioration of the conditions of ryots of Nandibatlu Agricultural Colony.

Reference:- M4-P.R.1423/61-62 dated 11-9-1963.

2. Tarikere Tashildar's report Dar.L.35/61-62 dated 21-1-1964.

I write to state that in the early part of 1958-59, it was proposed to start an Agricultural Colony for scheduled caste people under the Centrally sponsored scheme. So families of scheduled caste people were collected and settled in Survey No. 70 of Nandibatlu village. The colony was opened by the Hon'ble Minister for Agriculture and Social welfare on 2-1-1960. The colony was sanctioned by the Government vide order No.P.1190 B.C. 55 dated 31-8-1959 and P. and D. 31135 C.59 dated 12-2-1960.

2. It was proposed to grant 504-00 acres of land out of S.No. 70 of Nandibatlu village to these 50 families at the rate of 10-00 acres for each family and 4-00 acres for construction of houses etc., apart from taking action by the Government to provid them with houses, at a cost of Rs.50,000/- for dwelling purpose with the afd of Central Government and also supplied with bullocks agricultural implements durinking water well and Community centre

3. When the question of grant of land was taken up out of S.No.69 and 70 of Nandibatlu village, it was objected by the Forest Department stating that the above lands are minor forest though as per Revenue Accounts; these survey numbers have been classified as hullabanni kharab. Again the matter was referred to Forest Department and finally Government order was obtained for the release of 162-00 acres of land in Govt. order No.AFD.134 FGN. 60 dated 22-3-1962. All the above facts have been reported by the Tahsildar in his report No.DPR.13/61-62 dated 6-9-1961, 15-6-61 while submitting draft replies to L.A.Q.No.935 by Sri T.R. Parameswariah,M.L.A., and with reference to Chickmagalur Deputy Commissioner's Memo.No.M6 D.Dis.M4-P.R.471/60-61 dated 5-6-1961. The poor colonists believing that Government will grant them land

land to earn their bread, cleared the jungle by their hard labour and commenced the cultivation. Their statement has been obtained and is enclosed herewith for kind perusal. But only - 8 families have been sanctioned at 7-00 acres in S.No.70 before the Forest Department objected for its disposal, and they were put in possession and are enjoying the same. The remaining - people have not been provided land by grant so far, as the Forest department did not hand over the area released as per Govt.order cited above. The colonists are cultivating some extent in the area in which they have cleared the jungle. In the meanwhile the Forest department undertook Teak, eucalyptous and plantation etc., in the area in which the colonists have cleared the jungle knowing all the above facts. Several reminders have been sent to District Forest Officer and Range Forest Officer in this behalf, in vain. The copies of relevant letters are enclosed.

4. After I took charge as Assistant Commissioner, Tarikere Sub Division, I persued the matter and I inspected the spot with the local Revenue Officers and Local Range Forest Officer on - 20-12-1963. Sketches of spot showing the particulars have been got prepared through Revenue Surveyors which are enclosed herewith for kind perusal. The existance of colony, the area of 56 acres which has already been granted to 8 families andthe area in which the Forest Department have undertaken the plantation and the area fit for cultivation that can be granted to colonists have been - furnished in the sketches. As detailed in the sketches only an extent of 271-00 acres is available for grant of colonists in S.No. 69 and 70 including the area of 56 acres previously granted apart an area of about 100-00 acres taken up by the Forest department for plantation. The remaining area in S.No.69 and 70 is hilly and not fit for cultivation. I therefore propose to take up about 89-00 acres in S.No.77 which is adjacent to the colony and it is classified as gomal and belongs to Revenue Department. The extract of Index of land register of all the three survey numbers namely 69,70 and 77 is enclosed for kind perusal.

- 5. The area of about 20-00 acres will have to be given to - colonists in between the area marked in red colour which has been

35 36

been taken up for plantation by the Forest Department as the road passes through the area to the colony. The area noted in blue colour in S.No.69,70 and 77 will have to be granted to colonists, which comes to an extent of 360-00 acres in all. The area of 20-00 acres is quite necessary and to be reserved for the use of colonists as they have to pass through that land to cultivate the land in S.No.69. Otherwise the Forest Department may not allow them to pass through plantation area later on Government have released only 162-00 acres of land in S.No.69 and 70. This 162-00 acres are not sufficient to distribute among the colonists to make them sufficient ~~houlders~~ holders. There is very scanty growth of plantation from the area to be taken over to the colonists. The land was at least given possession by the Forest Officers on 13-1-1964 at the time of the visit of the Deputy Minister for Planning to this colony who also gave certain instructions at the spot after enquiry.

6. I therefore propose for further release of land in S.No. 69 and 70 as noted below:-

1. Land available for grant in S.No.69	100-00 acres.
2. Land available for grant in S.No.70	171-00 acres.
This includes the area of 56-00 acres already granted and 10-00 acres for colony(granted)	271-00 acres.
3. Area already released.	162-00 "
4. Further extent to be released.	109-00 "
5. Area available for grant in S.No.77.	89-00 "
Total extent required vide item No.1,2 & 5.	360-00 acres.

7. In view of the above facts explained, I request you to arrange for the release of another extent of about 109 acres in S.No.69 and 70 in addition to 162-00 acres already released as per Govt. order referred to above so that the land may be granted at 7-00 acres to each family of the colonists.

8. It was ascertained that the colonists in this behalf and anxiety cleared the jungle putting all their might and collecting all their relations and have contributed ~~ex~~ labour estimated at Rs.10,000/- to clear the jungle and after cultivating it for one year they were ousted out by the Forest Department and the present plantation raised in this cleared ground of 120 acres. It is but just and necessary the labour done by the poor people should be

37

poor people should be paid to them by the Forest Department. I request you kindly to move the Government to recover a sum equivalent to the value of labour required to clear the jungle in 120 acresfrom the Officers concerned and order it to be equitably paid to all the colonists. The Mahazar drawn up in this behalf is herein enclosed for kind perusal. The colonists with their relatives joined together and work about 4 months and cleared the thick forest. Hence they are entitled to receive the labour charges estimated about Rs.10,000/- which might have been paid to clear the forest timber and raise plantation in 120 acres. Moreover the timber etc., cut by the colonist has been transported by one Bunganna, Tarikere the Forestcontractor. It is not known whether the cost of timber etc., has been credited to Government funds. All these matters requires to be investigated properly. The Government may kindly be addressed to take necessary action in this behalf against all concerned.

9. The Forest Department may be instructed to clear the jungle immediately in the remaining area now proposed so that the colonists can take up cultivation immediately. Otherwise the colonists may abandon the place being impatient by waiting for the grant of land from all these years. They have no faith as Forest Department is troubling them by taking up plantation round about colony.

10. I will take up separate action to grant available land in S.No.77 about 89-00 acres which is under the control of Revenue Department and also the 162-00 acres of land which has been already released in S.No.69 and 70 and taken possession from the Forest Department which includes 56-00 acres which has already been granted.

Subject: Release of an area of 205 acres - S.No.69 and 70 of Nandibatlu Village, Tarikere.

PROCEEDINGS OF THE GOVERNMENT OF MYSORE.

ORDER NO. AFD 136 FGL 63, DATED, BANGALORE, THE 15-3-65

READ: 1) Government Order No.AFD 134 FGN 60 dated 22-3-1962.

2) B3-321-GFL-1619/61-62 dated 27-12-1964, of the Chief Conservator of Forests, in Mysore, Bangalore.

PREAMBLE:

Government had accorded sanction for the release of an area of 46 acres in S.No.69 and 116 acres in S.No.70 of Nandibatlu Reserve Forest for the formation of an Agricultural Colony.

It is reported that actually an area of 175 acres in F.S.No. 70 which was occupied by the Dharkhastedars had been handed over to the Revenue Department. Hence the Chief Conservator of Forests has requested revised orders of Government to release an area of 205 acres as per details given in the margin and has requested orders of Government.

S.No.69	Nandibatlu Village	30 acres
S.No.70	-do-	175 acres.
		205 acres.

ORDER:

In view of the recommendations of the Chief Conservator of Forests, Government are pleased to order the release of an area of 205 acres out of F.S.No.69 and 70 of Nandibatlu Village including the areas ordered for release in Government Order No.AFD 134 FGN 60 dated 22-3-1962 and the area may be surrendered to Revenue Department for disposal with the usual terms and ~~considerations~~ Conditions as are in vogue in Revenue Department after the disposal of the standing tree growth by the Forest Department.

The Chief Conservator of Forests, is directed to take further action in the matter.

By Order and in the name of the Governor of Mysore,
